

FEES FOR SERVICES NOT COVERED BY OHIP

Message to Patients

Are you aware that not all of the services that your physician provides to you are insured through OHIP and that your physician can request a payment from you for those services?

Uninsured medical services are not covered by the Ontario Health Insurance Plan (OHIP) and may be charged directly to the patient (or third party) at the discretion of the physician.

Listed below are the most common uninsured medical services, including the associated costs, which are not covered by OHIP.
