

Moving Day: Our Carleton Place Regional Health Hub location opens October 14

From October 6 to 10, the physicians and teams in the Beckwith and Carleton Place clinics will be moving into our new OVFHT clinic at the Carleton Place Regional Health Hub—bringing everyone together under one roof.

This marks an exciting milestone in our OVFHT expansion and strengthens our ability to serve the Beckwith and Carleton Place communities with team-based primary care.

The new clinic will open to patients on Tuesday, October 14. We will continue to see our Almonte patients at our Almonte location.

Please read our FAQs below for more information.
